

O Bless the Name

O bless and magnify that Name that fell on virgin's ear
The One Who saves His people from their sins has now drawn near
"Jehovah Saves", the meaning of this Name is made so clear
O bless the Name of "Jesus", long awaited, You are here

O bless and magnify that Name that fell from prophet's pen
The One who is, ever shall be, and Who has always been
"God with us", now in human flesh among the sons of men
O bless the Name "Emmanuel", O bless that Name again

O bless and magnify the Name, Jesus, Emmanuel
O King of kings and Lord of lords, Your glory we must tell
Redeemer, Lamb, and Risen One, saving our souls from hell
O bless the Name forever blessed, Jesus, Emmanuel

O bless and magnify the Name, that Name above all names
Soon every knee will bow before His everlasting fame
And every tongue of mortal men confessing all the same
"Jesus is Lord", Emmanuel, We bless Your holy Name
