

Laboring for the Laborers the Ron & Val Berrus Update August 2019

Praises

Progress on the building!

Prayer

That more souls come to Christ
For our visitors to become
connected with the family

Family

Josh and Liana

God provided a wonderful job
for Liana. Josh continues to
interview in the Raleigh area.
God opened the door for their
daughter for a wonderful
school this fall.

Jason & family

They are doing well, adjusting
to the ministry and rejoicing
in God's clear leading

Dan and Janelle

Busy summer with many youth
trips and preaching opportuni-
ties. Pray for God's continued
blessing as they serve Him.

Jeremy and Erica

The family is well. Little
Joseph is growing like a weed!
They are busy in life, family,
and ministry at their church.

Introducing the Imam to Pastor Bryan

An outreach ministry contacted me about introducing them to the Imam at the Mosque near our former church. Dzamal and his wife had become our friends over our years there. We had a great opportunity to introduce the new pastor at Bible Baptist to Dzamal and the other leaders of the Mosque. A door has opened to share the faith in a wonderful way in the coming months. Please pray for God to use His word in many lives.

Mcalisterville Community Days

Most of the towns in our area have summer community days... sort of like small fairs with lots of food and games and rides, etc. They usually begin with an outdoor church service. I was invited to bring the message as the new pastor in the area, and used it to preach "Salvation: Hope so or Know so!" 1 John 5:11-13. A wonderful opportunity to share the gospel with our neighbors.

Continuing Work on Mongolian Resources

After connecting the HOPE DVD project in Texas with some Mongolian ministry partners, it seems like the project is moving forward. Pray that God will work and this resource will be completed and widely used throughout the country in the years ahead, if Jesus tarries.

Suo Suo and Lulu Fan and Family

The Suo family came into our lives 22 years ago. Lulu had been our waitress in a restaurant, having just arrived in America and a newly wed. She and her husband began a Bible study with us which ultimately led to their coming to faith in Christ. And our approach starting in Genesis eventually became the foundation for The Story of Hope and the Good Soil Project with ABWE, years later. We had the joy of reconnecting with Lulu and their two kids in Philadelphia for two days before they returned to their home in Asia.

Vacation Bible School

We had the joy of partnering with two other churches again this year to run VBS. We had nearly 200 kids registered. Val and I taught the 10 year olds again. What a delight to see these kids hearing and understanding the gospel of Christ. Pray for the fruit of transformed lives for these kids!

Thanks so much for your faithful prayers for us.

God is so good and we are so privileged to serve Him with you!

Acts 20:24 But I put no value on my life, if only at the end of it I may see the work complete which was given to me by the Lord Jesus, to be a witness of the good news of the grace of God.

Yours in Christ's amazing grace, Ron & Val
